SHOWS STATE BOARD SAVING

Table Reveals Taxes Would Have Been \$326,557.09 More Next Year Without New Law

WHAT RATE WOULD HAVE BEEN

Rushville City Taxpayers Alone Are Saved \$48,648.01—Five of 15 Units Allowed More

That the new state tax law and the state board of tax commissioners created by it, will save the taxpayers of Rush county \$326,557.09 next year, is the startling disclosure made by the board with figures sent here today.

The board shows the saving by making the difference between the rate asked by local officials and the rate fixed by the tax commissioners, and multiplying it by the valuation of the taxing unit. The same result can be arrived at by computing the taxes payable under the rates asked and those under the rates fixed by the board and taking the difference.

For example, in the city of Rushville, where the valuations were increased 243 percent, the tax levy was reduced from \$4 on each \$100 of taxable property to \$1.52, but if the rates fixed for Rushville city by local officials had been allowed, the levy here would have been \$2.14. This represents an actual cut in the levy of 62 cents on the \$100, which multiplied by the taxable value of the property in the city, makes \$48,648.01, the actual saving in Rushville alone.

On the other hand, the table likewise shows what the rates in each taxing unit would have been if the valuations had not been changed and if local taxing officials fixed their levies to raise as much as they asked of the state board. If the new tax law had not been passed, the tax rate in Rushville next year would have been \$4.98, an increase of 98 cents a hundred dollars on the old valuations.

The table likewise reveals that in six of the fifteen taxing units of the county not as much revenue was allowed by the state board for next year, as was used this year. The net is shown by a comparison of the rate which would have been required to raise the same revenue as was derived this year, with the rate asked by the state board. Carthage, Walker township, Rushville township, Glenwood and Rushville city.

The savings by taxing units are shown as follows:

Carthage	\$ 3,339.24
Ripley	15,388.92
Posey	34,134.01
Walker	39,423.42
Orange	19,235.40

Liberty	23,007.80
Richland	12,572.38
Rushville City	48,648.01

Total \$326,557.09
The rates fixed by the local taxing officials and those fixed by the state board, which reveals the reductions made by the state commissioners, are as follows:

TO CLOSE AT FIVE O'CLOCK

Dry Goods Stores to Change When Clocks Are Turned Back.

Beginning Monday night, the first week day after the time is changed, Rushville dry goods stores will close at five o'clock in the afternoon every day except Saturday, it was announced today, instead of 6 o'clock, as has been their custom. The dry goods stores closed at 5 p. m. last winter.

The clocks will be turned back Sunday at 2:00 a. m. and the United States will go back on the old time schedule. Many people will turn their clocks back an hour Saturday night before retiring.

COLLECTION OF FALL TAXES MOVES SLOWLY

County Treasurer Announces They Must be Paid at Rate of \$19.135 a Day.

TELLS HOW TO PAY BY MAIL

The collection of the fall installment of taxes is very slow, according to Charles A. Frazee, county treasurer, who announced today that if all of the taxes on the duplicate were collected by November 3, the last day for paying, they would have to be paid at the rate of \$19.135 a day. The total collected up to the close of business last night amounted to \$98,641.77 and it is estimated that there is \$290,000 to be paid on the fall installment, which leaves \$191,359 to be collected in ten days.

Mr. Frazee issued the request he makes every taxpaying time, that Rushville people please pay their taxes any day but Saturday, so as to leave that day for farmers and thus avoid a rush. Taxes may be paid as usual without the taxpayer visiting the office. All that is necessary is to send the treasurer a blank, signed check, the location of the real estate on which the taxes are to be paid, and a self-addressed stamped envelope in which the receipt will be returned.

NEW CONFERENCE IS BUILT FROM OLD ONE

Delegates Representing Public Will Attempt to Solve Industrial Problems Alone

LABOR GROUP LEAVES BODY

(By United Press.)

Washington, Oct. 23.—President Wilson today constructed a new national industrial conference from the wreckage of the first one.

At his suggestion, transmitted through Franklin Lane, chairman, the delegates representing the public will remain in session to seek a solution of the nation's industrial problems. The delegates of the employers were excused from further attention and the labor representatives walked out yesterday. The public conferees, the president told Lane, must carry on the work.

The public group will be expected to make exhaustive investigation of the entire national situation just as the original conference of the public, capital and labor had planned to do, Lane explained. This group will carry on work of the committees already appointed and reorganize them where vacancies have occurred through the adjournment of the original conference, Lane said. New members will be added to the group if it seems necessary.

A marriage license has been issued to Francis J. Cannon of Greencastle and Esther C. Black, daughter of Mr. and Mrs. Benjamin A. Black, of this city.

FORMER LOCAL MAN COURT-MARTIALLED

Richard V. Sipe, Son of Dr. and Mrs. R. W. Sipe of Orange, Held For Failing to Report

MEMBER OF STATE MILITIA

General Court Martial Set For Friday—Priv. Sipe Son-in-Law of E. A. Frazee of This City

Richard V. Sipe of Indianapolis, who is the son of Dr. and Mrs. R. W. Sipe of Orange and a son-in-law of Mr. and Mrs. E. A. Frazee of this city, has been court-martialled for failing to report for duty with the state militia at Hammond, Ind., according to a dispatch from Hammond today. Mr. Sipe was born and reared at Orange and is the brother of Dr. Sipe of Carthage. He is well known in Rushville where he visits frequently. At the last general election Mr. Sipe was elected clerk of the Marion county circuit court at Indianapolis. The dispatch from Hammond reports the arrest of Private Sipe as follows:

Harry B. Smith, adjutant general of Indiana, who is commanding the state companies of militia on duty in the strike zone in the Calumet district Wednesday announced that there will be a general court martial next Friday to try Private Richard V. Sipe, Jr., of Company C, of Indianapolis, and clerk of the circuit court in that city, on charges of failing to report for duty when called. The military companies are stationed at East Chicago, Hammond and Gary. He is said to have finally arrived and is held as a military prisoner.

It is known that Gen. Smith was in communication with Governor Goodrich at Indianapolis Wednesday over the telephone, but the subject of the conversation was not made public. It is believed, however, that it had to do with the removal of part of the men who are members of the state troops stationed in this district. Gen. Smith departed soon after for Indianapolis to confer with the governor.

Following the announcement that a court martial had been called for next Friday, it was announced that Merle N. A. Walker, a private in Company C and former judge of the probate court at Indianapolis, had been discharged without honor from the service of the state. It is understood that Walker sent a letter to Governor Goodrich touching on affairs in this district, which was detrimental to military discipline.

A few men of each state company on duty in this district are permitted to visit their homes on brief furloughs, but there is no plan, so far as is known, to send an entire company home.

NEWS OF DEATH RECEIVED

J. C. Perrin, Brother-in-Law of Dr. Hackleman, Expires in Chicago.

Dr. F. G. Hackleman has received word of the death of his brother-in-law, J. O. Perrin, of Chicago, who died yesterday afternoon. Mr. Perrin was well known here among the older residents of the city, having been here frequently, and was married to Miss Aldine Hackleman. Mr. Perrin is survived by his wife and a daughter Mabel. The remains will be shipped to this city tomorrow night and taken to the chapel in East Hill cemetery, where burial will be made later. The announcement of the funeral services will be made after the arrival of the funeral party. The deceased was nearly seventy years of age, and death resulted from a case of influenza last spring, from which he never fully recovered.

10 LAW SUITS ARE ENTERED TODAY

C. W. Duncan Files Ten Cases Which Break all Records in Court Here—Three For Divorce

SEVERAL ON ACCOUNTS

Jeffreysmiths of Milroy Figure Again, Ozso Hoard and Eva Cloud Sue For Divorces

Ten new law suits were filed this morning in circuit court, C. W. Duncan representing the plaintiffs in each case. This is the greatest number of suits to be filed at a single time or day, according to recollections of court house officials. In the number three parties ask for divorce, two of whom name the wife as defendants.

Charles C. Jeffrey-Smith of Milroy, who broke into the limelight a few weeks ago, by causing a sensation in Milroy, has brought suit for divorce against Emma Jeffrey-Smith on grounds of cruel and inhuman treatment, also alleging that she had undue intimacy with other men and associated with other men for immoral purposes. He also alleges that she was a constant user of profane language. According to the complaint they were married in November 1910 and separated following the day of their sensational trip to Milroy in August of this year.

Ozso Hoard, who was married on July 26th, states that two months of married life was enough for him, and being a minor brings suit by his mother, Elizabeth Hoard, alleging that she was untrue to him, in that she associated with other men, and by her high temper, cursed and abused him, making his life miserable and unbearable. They separated September 30, after being married a few days over two months.

Eva Cloud, who according to the complaint is under twenty-one years brings suit for divorce against Walter Cloud, with her father, Marcellus Teeters, acting as her next friend. Mrs. Cloud lives in Posey township and according to the complaint were married August 18, 1916 and separated June of this year.

She alleges abusive and cruel treatment, and says that she was compelled to work for a living, and that her husband had wrongfully and without cause intimated that she was a woman of immoral character. She states that her husband is 38 years old, and gives her age as 19. In asking for a divorce she asks support money to fight the case with and that her maiden name of Eva Teeters be restored.

A suit to foreclose a chattel mortgage demanding \$350 was filed by Walter E. Smith against Minot W. Poer and Hazel Poer. According to the complaint a promissory note for \$215 was given by them, which was due within 12 months after date, February 6, 1919, and that interest thereon should be paid monthly at the rate of 3 1/2 percent.

Mr. Smith alleges that neither interest or principal has been paid, and asks for the foreclosure of the mortgage which consisted of all the household furniture in the John Rickett's tenant house west of New Salem.

John A. Knecht has filed suit against Will Evans on a promissory note, demanding \$150. The note dates April 28, 1918, and was originally made payable to the firm of Knecht and Gartin, but Gartin has assigned it to Knecht. The note originally was for \$87.12 which with interest and attorney fees, the plaintiff asks for judgment in the sum of \$150.

F. B. Hasher, a grocer in the west part of Rushville, is suing Jacob L. Buchanan on a two month's grocery bill, demanding \$100. The bill is for groceries purchased in October and

WROTE PICTURE SCENARIO

Tom J. Geraghty, Author of One For "Her Kingdom of Dreams"

The scenario for "Her Kingdom of Dreams," which is showing at the Princess theatre today and tomorrow, with Anita Stewart in the stellar role, was written by Tom J. Geraghty, former editor of the Republican, who now lives in Hollywood, California. The picture is adapted from Louise Provost's novel of the same name and is the story of a marriage of convenience. Mr. Geraghty wrote the scenario and sold it to a representative of Anita Stewart. The star is surrounded in the seven-part picture with a galaxy of leading people, all of whom have played stellar parts.

TWO PAY FINES IN SQUIRE STECH'S COURT

Maurice Kirk Denies He's Guilty of Passing Standing School Hack But Pays Anyway

JESS STOUT CHANGES PLEA

Two persons have paid fines in Squire Stech's court yesterday afternoon and today. Maurice Kirk, charged with passing a school hack while it was loading children, paid a fine yesterday afternoon of \$5 and costs. He denied his guilt, but rather than take the trouble of fighting the case, pleaded guilty and paid. He said that the hack did not stop in front of the house, but about 30 feet the other side of the house, after he had thought the driver was not going to stop. He put the blame on the hack driver.

Jesse Stout who pleaded not guilty a few days ago to the charge of violating the city speed ordinance, appeared this morning before the squire and changed his plea to guilty, paying the costs and fine, which amounted to \$16.70. It was alleged that he exceeded the speed limit at the Jackson school house corner, and ran up onto the lawn, breaking a bicycle rack and tearing down a gas pipe which served as a fence.

MINERS DECIDE TO REJECT COMPROMISE

Lewis Says Offer of Secy. Wilson is Inadequate and Insufficient to Meet Situation.

COAL STRIKE NOV. 1 LOOMS

(By United Press.)

Washington, Oct. 23.—Miners meeting at the American Federation of Labor building today voted to reject Secretary of Labor Wilson's compromise proposal for settlement of the coal strike set for November 1.

"The offer is inadequate, insufficient and failed to meet the necessities of the situation," said John Lewis, head of the United Mine Workers following the meeting. "We will so tell Secretary of Labor Wilson at two o'clock this afternoon," Lewis declared.

The action of the miners means that the coal strike will start on the scheduled time unless Wilson can find another way to bring the miners and operators together. Lewis indicated that the miners will oppose meeting in conference with the operators unless a proposal much more favorable to the demands was immediately forthcoming.

CONDITION SATISFACTORY

Washington, Oct. 23.—"The president is making as satisfactory progress as expected," according to a statement issued at noon today by Dr. Grayson. No new symptoms have developed, the announcement stated.

WATSON DECLARES HE HAS THE PROOF

Indiana Senator Replies to Challenge of Federal Trade Commission Regarding Charges

MORE EVIDENCE PROMISED

Tells Senate Information About Employees Comes From Inside Federal Body Itself

A challenge of the federal trade commission for Senator James E. Watson of this city to prove charges that the commission has on it payroll active Bolsheviks and anarchists, and his reply that his information came from within the federal body itself, form the latest chapter in the controversy which started Monday when Senator Watson made sensational charges against the commission.

A Washington dispatch today said that the Watson resolution for an investigation of the commission would probably be recommended by the committee on expenditures, for passage, and that it would be acted upon favorably. The dispatch continues as follows:

At the time the commission's statement was made public Senator Watson was informing the senate that none of the information on which his charges had been based was furnished by representatives of the packers; that all of it had come from inside the commission itself. He also declared that he was investigating the activities of Socialists in other departments of the government and would make known the results to the public from time to time.

Senator Kenyon, author of one of the bills to control the packing industry—his bill being based largely on a report submitted by the Federal Trade Commission—declared in favor of the Watson resolution after he had satisfied himself that an inquiry concerning Socialists and even reds in the government employ has no connection with the packer investigation.

Senator Harris of Georgia, who formerly was a member of the Federal Trade Commission, defended that body, yet said if there are radicals and reds among its employees that they ought to be ousted at once.

It is probable that the Watson resolution will be adopted by the Senate after it has been recommended by a committee on expenditures tomorrow.

"The resolution I have introduced charges that certain men employed by the Federal Trade Commission are Socialists and that some of them are anarchists and the question I want investigated is whether or not this is true," said Senator Watson, addressing the Senate. "I expect to prove my charges. The question as to whether the packers are guilty or not guilty has not a thing in the world to do with the question involved."

The senator declared that while the charges he now makes are against employees of the Federal Trade Commission that later he will give the names of radicals and Socialists who have found government berths in other departments and bureaus under the present administration.

Senator Kenyon interrupted Senator Watson to ask if he personally investigated his charges, and asked him to give the source of his information. He also asked if any of the information came from the packers.

"None of this information came from a packer. I do not know a packer—one of the big five. I never met one. When our committee meets I will discuss fully the source of my information. It is enough for me

KAISER SCOFFED U. S. INTERVENTION

Von Bernstorff Testifies Wilhelm
Said as Late as Jan. 16, 1917,
Things Must Take Course

EVIDENCE CAUSES SENSATION

Full Text of Message Sent to For-
eign Secretary Read to Reich-
stag Committee.

(By United Press.)

Berlin, Oct. 23.—The former
kaiser scoffed the danger of Ameri-
can intervention early in 1917, ac-
cording to Count Von Bernstorff,
then American ambassador to the
United States.

Replying to a question by Dr.
Sinsheimer when he resumed testi-
fying before the reichstag commit-
tee investigating the conduct of the
war this afternoon, Von Bernstorff
admitted Wilhelm telegraphed For-
eign Secretary Zimmerman about
January 16, 1917, that if a breach
with America was not to be avoided,
things must take their course.

The statement created a sensa-
tion, several of the committee mem-
bers gasping.

There was hurried consultation
and a copy of the telegram was pro-
duced by Sinsheimer.

The statement was as follows:
"His majesty does not care a bit
about President Wilson's peace of-
fer. If a breach cannot be avoided
things must take their course.
Events are happening."

The excitement grew as the full
text was read and committees and
the audience gasped the meaning.

Sinsheimer declared that Ger-
many's program of peace conditions
sent to Wilson January 12, 1917,
and which was said to be the same
as Germany offered December 28,
1916, was in reality not the same.

"This is the first time I knew
that," Von Bernstorff said.

Returning to the discussion of the
alleged German acts in America,
Von Bernstorff said he believed
nothing had transpired to justify
accusation of conspiracy. He ad-
mitted that certain German officials
had participated in acts of sabotage
but declared German foreign officials
never were a party to it.

DEBATE RAGES IN SENATE

(By United Press.)

Washington, Oct. 23.—While the
debate raged on the senate floor to-
day over the Johnson's treaty
amendment, democrats and republic-

forces upon reservations.

Further reservations will be con-
sidered by the foreign relations
committee at a meeting late today.
Johnson made a final plea today for
his amendment to equalize the vot-
ing strength in the league.

ILLINOIS UNIONS FOR A DEFENSIVE ALLIANCE

(By United Press.)

Peoria, Illinois, Oct. 23.—A tele-
gram was sent today to Samuel
Gompers, president of the Ameri-
can Federation of Labor by the
State Federation of Labor here
today, for him to call immediately
a special conference of the Ameri-
can Federation of Labor and rail-
road brotherhoods to form an of-
fensive and defensive alliance.

The resolution declared that the

FORERUNNERS OF SICKNESS

Medical authorities agree that indigestion and constipation are the forerunners of half the ills of mankind. Don't let a mass of partly digested, decomposing food poison your whole system. When your food is being properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, bad breath, coated tongue. Foley Cathartic Tablets, a wholesome physic, thoroughly cleanse the bowels without griping or nausea, sweeten the stomach and invigorate the liver. F. B. Johnson.—(Adv.)

PRINCE ALBERT
the national joy smoke

Copyright 1919 by R. J. Reynolds Tobacco Co.

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tippy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.

TWO MEN SHOT WHEN THEY RESIST ARREST

Youngstown, Ohio, Oct. 23.—Two men were shot and seriously wounded and four others were jailed after a fight with the police. The men were charged with trying to burn the homes of mill workers in the strike zone.

Upon their arrival in this district, the police found three foreigners around the home of a negro and attempted to place them under arrest on suspicion. They were met with resistance. Two of the men were shot and the third subdued.

Following the shooting the secretary of the strike committee wired Governor Cox, asking state aid in protecting strikers.

3 Million Dollars but-- It Bought MUSIC

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph, —an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the entire field of research in sound reproduction. He built and rebuilt until his final, perfected model cost him Three Million Dollars.

And the result?

Ask some one who attended the Amy Ellerman-Fleming Sisters recital Friday Evening, October 3. There was the public proof. Miss Ellerman sang in comparison with the RE-CREATION of her voice by the New Edison. The Fleming Sisters Instrumental Trio played in comparison with the RE-CREATION of their art by the New Edison. And no one could distinguish the living art from its RE-CREATION.

The New Edison
"The Phonograph with a Soul"

If you love music, you will agree with Friday's (Oct. 3) enthusiastic audience: —The New Edison represents Three Million Dollars well spent.

The soul of song is cheap at any price. Yet is now brought within reach of your pocketbook. The instrument used in Friday's (Oct. 3) conclusive test is a duplicate of Mr. Edison's Three Million Dollar Model. It sells for \$285 (in Canada, \$431).

Growth of Safety First

From a meager beginning, battling all through the years against prejudice and disdain, Safety First has grown from a mustard seed into a giant tree under whose protecting branches two million railroad employees, many more millions of other industrial workers and still other millions of steam transportation patrons find protection, comfort and assurance.

That mustard seed first was planted in 1750, when the first safety committee was organized. About ten years ago the tree was given great stimulation. At this moment the tree is spreading its great branches over every foot of the nation's railroads, for the National Railroad Accident Prevention Drive is on and will continue until the last minute of this month.

It was in the middle of the eighteenth century that a Dutchman, Martyn Van Alstyne, figured it out that land values would increase somewhat as they have in the last two years. And he, and some associates, gathered at Canajoharie, New York, and built Fort Renesselear. This was in 1750. Unwittingly, he became the founder of Safety, for here again necessity was the mother of invention. Van Alstyne and his followers had moved up from the vicinity of Albany. His home became the center of activities for the colonists. A progressive farmer and miller, his fireside was noted far and wide for its hospitality.

The Indians were a bit troublesome as uninvited visitors and paid little attention to the "No trespassing" and "Keep off the grass" signs that Van Alstyne and his fellow settlers posted. These raids by the redskins were more dangerous and frequent than railroad crossings today. Threats and cajolery failed to bring relief. Some of Van Alstyne's companions suggested that it would be well to try to inform the raiders in a gentlemanly way that the white man meant only to live peacefully in a restricted area. But Van Alstyne was wiser than his generation. He

convinced his associates that a Safety committee was the only solution. They agreed—eventually.

His home being centrally located was palisaded and became the meeting place of the first Safety committee. On this first pioneer committee, besides Van Alstyne, were Nicholas Herkimer, Benedict Arnold, whom a certain widely known automobile manufacturer termed "an author," Christopher Yates, and Samuel Kirkland. Success was attained by this body almost from the start, and it branched out and attended not only to Safety matters, but also became a pioneer neighborhood improvement association.

Little was heard of Safety propaganda until the railroad trains began clipping off fifty miles an hour, electric cars began to claim a tribute of life and limb and automobiles came into general use.

Something to be Regretted

In a certain home the mother was toiling diligently—washing dishes, pots, pans and kettles, sweeping the floor, dusting the furniture and tidying up generally.

But that was nothing new. That mother is always doing the same. She is a wonder.

On the front doorstep reclined a young lady, a daughter of the house. She was perusing the latest novel.

That, also, was nothing new. Reclining and perusing is her favorite pastime.

But think of it! The parent slaving and the daughter lazing!

Some day that daughter may in turn become a mother herself.

She may even see the day when necessity will force her to perform household duties early and late, while her daughter idles away her time.

That dreaded "tired feeling" may become her constant companion in life.

Then perhaps, she may think with regret of the time when she, a strong and healthy girl, lolled the hours away while her own mother toiled that others might be content with their lot in life.

The lesson may be slow in coming, but it will be bitter when it arrives.

Commenting on Samuel Gompers' reported statement that "American railway workers intend not only to compel the Government to take over the railways, but will demand as the next logical step that labor shall be granted a permanent, equal voice in railway administration," the St. Louis Republic (Dem.) says: "Compel" is not a pretty word to use in this connection. The Government of the United States acts on its own free will. It can be compelled only by war or some other form of force equally effective." Does the Republic believe the action on the Four Brotherhoods was "equally effective" in 1916? They compelled the Wilson Government to do their bidding.

Alphonso the First, who founded the Portuguese kingdom in the twelfth century, was said to be seven feet tall.

10 LAW SUITS ARE ENTERED TODAY

Continued from Page One
November 1917, which amounted to \$61.70. An itemized account was filed with the complaint.
John A. Spurrier was made a de-

fendant in a case this morning, when the Chase Hackley Piano Company brought suit against him, on a complaint in conversion and damage in the sum of \$350. The complaint states that they sold two pianos on or about May 27, 1916, which amounted to \$310. They allege that the contract stated that the pianos were to remain their property until paid for, and if sold by Spurrier on notes, the notes were to be the property of the factory.

The factory alleges that in June 1918 both pianos were sold, and notes taken, which have since been paid off, and that Spurrier received the money, as well as interest on the notes. They ask judgment for \$350 as damages.

The Louisiana Lumber Company of Cario, Ill., brings suit against George A. Looney, doing business in Rushville, as the National Lumber Company, demanding \$100 on account. According to the complaint the Rushville firm purchased a car load of cypress, and that a balance of \$73.92 is due them on the \$800 account.

Two suits for replevin and damages were filed by Spear & Company

of Pittsburg, asking possession of furniture purchased on the installment plan where the payments were not made and damages in the sum of \$25 in each case.

Rosecoe Lewis, of Glenwood, is made a defendant in one case, where the mail order house allege that they sold him furniture which amounted to \$88.48 and that a balance of \$63.50 remains. William Byard is also alleged to have purchased household goods for the amount of \$115.28, which was not totally paid. In each case the plaintiffs seek possession of their merchandise and asks \$25 as damage.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Rural telephone lines are exasperating because every call means a continuous fingling of your own bell, more gossip and listening in. On a certain line a domestic but curious housewife just had to ring up her friends every morning. Ensuing conversations were limited to uninteresting recitals of household duties and exchange of health report. Once, when trying a new recipe for baking beans, she filled in time explaining it and a new fireless cooker to her friends over the phone.

A new subscriber with a sick baby tried in vain to use the line to get the doctor. On each occasion the same nasal voice beautified beans. Mothers are the wonders of the world and this one was no exception. A light dawned. Seizing the receiver she awaited a lull, whereupon she broke into the conversation. "Madam," she called, "your beans are burning. I smell them."

The business of the world was immediately resumed on that line. (Contributed by Edith L. Clark, 264 Magnolia Street, Rochester, N. Y.)

Pigs Get Worms Very Young

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and then expel them.

Notable Cast at Princess

How Judith Rutledge's idealistic conception of life in the great cities was sent crashing on the rocks of a harsh reality is the theme of "Her Kingdom of Dreams," starring Anita Stewart and which will be seen at the Princess theatre today and tomorrow.

As a young girl living with her invalid father in a small western town, Judith frequently longed for the wonders and beauties of the large cities. And, as a reward for that longing, it seemed, an opportunity came to her to visit her Utopia. She was to be a private secretary to James Warren, prominent Wall Street banker.

Once in the employ of Warren, Judith's sincere services led Warren to believe that she could be trusted with his most masonic secrets. On his deathbed, he made a final request—that Judith marry his rather unsteady son, Fred.

How this marriage, entered into in a spirit of dogged compliance with the elder Mr. Warren's wishes developed into a fervent love-match spiced with episodes revolving about the wrecking of a great financial power, and the exposure of shameless women makes "Her Kingdom of Dreams" replete with tense dramatic scenes that cannot fail to please the patrons of the Princess theatre.

13th Episode Lincoln Picture

The thirteenth episode of the Elmo Lincoln picture, "Elmo The Mighty", a Lyons and Moran comedy, "Missing Husbands", and a two part western picture, "Gun Law" form the program which is being showing at the Mystic today. Tomorrow a Harry Carry success, "Riders of Vengeance", in which gun play at its height as a science is depicted, will be the offering.

Many of the players supporting the star in his latest Universal photodramas were gun-men of the old range, all of them actually rode for their daily bread and sometimes fought for pleasure.

Realizing that he could not truthfully depict this genuine story of the old West without showing the gun-play as it really occurred, Jack Ford, the director, talked to men who lived in the town of Mesquite, where the story is laid, and who saw some of its dramatic unfolding twenty years ago.

Among the adventurous spirits of the old West who are now a part of the band of plainsmen who, working under the Universal banner is King-Fisher Jones, who led the list when Buffalo Bill gathered around him the best riders in the West. He was a range partner of famous men, Governor Campbell, of Arizona, being among them. He once gave a special performance of broncho "busting" before Queen Victoria.

to say at this time that my information concerning these radicals employed by the Federal Trade Commission came from within the commission itself."

"All I want," continued Senator Watson, "is the opportunity to prove the truthfulness of my assertion. I have distinctly stated, and I reiterate that I have no desire in the world to interfere with the investigation of the packers that is being conducted by the Groun committee. I am not familiar with one line of the testimony introduced before that committee."

"For many weeks I have been investigating the activities of Socialists in various departments in Washington. I soon will give the names of radicals who have wormed their way into other departments of the government."

"All senators seem to agree that if my resolution charges the truth, these men should be ousted from their present positions. All I want is an investigation, and then, if I do not show the truthfulness of every charge I have made, I will honorably say so on the floor of this body. My information is entirely trustworthy, and I propose if this investigation is ordered, to prove the truthfulness of the charges I have made. That is the only object I have in view."

"There are many varieties of Socialists and of course I would not go

to the extent of saying that every man who entertains any of the mild views that some Socialists entertain should be kept from public position. But I do mean that I do not think that men who believe in the fundamental socialism and bolshevism are the same—should be permitted to work for any government in which they do not believe. Men of such stamp are against all business and are therefore in no frame of mind or mental attitude to investigate any business."

THIS WILL ASTONISH RUSHVILLE PEOPLE

The quick action of simple witch-hazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will surprise Rushville people. One girl with weak, strained eyes was helped by a single application. Her mother could hardly sew or read because of eye pains. In one week she too was benefited. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. F. E. Woleott, Druggist.—(Adv.) 2

Dancing Class Postponed

The dancing class which was to have been held tonight has been postponed until Saturday night, on account of the Modern Woodmen using the hall.

Miss Clara Kroeckel

Mr. and Mrs. Louis C. Hiner entertained at six o'clock dinner last evening at their home in North Harrison street, Mr. and Mrs. W. T. Simpson, of Roswell, N. M., who are visiting relatives in this city.

The regular meeting of the Rebekah lodge will be held Friday night at 7:30 o'clock. Four candidates will be initiated. All members are urged to be present, and a request has been made that each bring a pie.

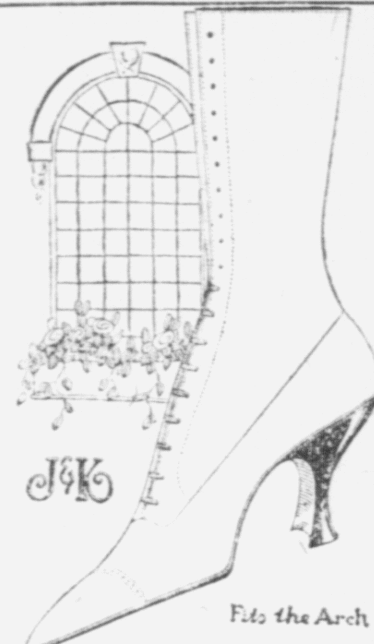

Mr. and Mrs. Willard Brown were host and hostess for the Country Circle Club Tuesday evening at their home west of the city. The evening was spent with music and games and at the close refreshments were served. The next meeting will be with Mr. and Mrs. Cary Cross.

Miss Ella Remes, daughter of Zell Remes, and Harry Brakefield, son of Silas Brakefield, both of the Arlington neighborhood, were married at the Main Street Christian church parsonage yesterday about noon by the Rev. L. E. Brown. They will reside on a farm near Arlington.

Mrs. Ruby Petry entertained the members of the First Presbyterian Ladies Aid society yesterday afternoon at her home in North Sexton street. After the regular program refreshments were served. The assisting hostesses were Mrs. D. C. Buell, Mrs. J. P. Hogsett and Mrs. Charles Dobyns.

Mrs. C. S. Hester, assisted by Mrs. Scott Hosier and Mrs. Emmet Fegley, entertained the members of the Loyal Daughters' class of the Main Street Christian Sunday school, last evening at her home in North Main street. At the close of the business session and the interesting program which was given, the hostesses served light refreshments.

A large crowd of friends and relatives pleasantly surprised Mr. and Mrs. Will C. Culbertson, who have sold their farm southwest of Rushville and will move to Rushville, with a pitch-in supper last night. Those present were: Mr. and Mrs. Ernest Linville and family, Mr. and Mrs. Tom Lower and family, Mr. and Mrs. Willard Brown, Mr. and Mrs. Tom Miller, Mr. and Mrs. W. E. Jones and daughter Ellen Louise, Mr. and Mrs. Bert Gibson and daughter Marion Dorothy, Mrs. Maggie Mohr and sons Leroy and Waldo, Mr. and Mrs. Will Merrill and daughter Tinsel, Mr. and Mrs. J. R.

TONIGHT and FRIDAY

Anita Stewart in "Her Kingdom of Dreams"

There is a "Kingdom of Dreams" in every woman's heart and this is the story of how one woman found her soul's mate through a marriage of convenience.

Immediately following the ceremony a wedding breakfast was served at the home of the bride's parents, in North Jackson street, to about fifty guests. The out-of-town guests were: Mrs. Marion Bryan, Mrs. Frank Weidman, Miss Lillian and Josephine Weidman, Mr. and Mrs. Ed Caldwell, Berlin Caldwell and Miss Charlotte Thompson, all of Indianapolis; Jack Madden and Mrs. Margaret Mulligan, both of Chicago; Miss Nelle Baldwin of Greenfield; Mr. and Mrs. Wilbur Holloway of Brownsburg; Joe Fisher of Crawfordsville; Miss Marie Fisher of Crawfordsville; Mr. and Mrs. John Cannon and daughter Mary Catherine and Miss Ann Cannon, all of Greencastle and Mr. and Mrs. Will Carroll and children of Plymouth.

Following the wedding breakfast the bride and bridegroom left for a trip through the East. Mrs. Cannon's going-away suit was of blue tricotine with feathered hat to match.

Mrs. Cannon was popular among social circles of this city and has been a teacher in the public schools of this city for the last few years, previous to which time she was graduated from De Pauw university. She is a member of the local chapter of the Tri Kappa sorority.

Mr. Cannon is in the clothing business in Greencastle, where they will make their home.

PLAN CAMPAIGN TO EDUCATE PERSONS

People Warned Against Falling Victim to Sellers of Bogus and Worthless Stocks

MANY HAVE BEEN DUPED

Purpose is to Make People Think and Investigate Before Buying Stock

A campaign to educate persons of moderate means against falling victim to sellers of bogus and worthless stock is now being waged by the Better Business Bureau of Indianapolis. According to officials of the Bureau, a great number of reports are coming into the office from people who have been duped into buying stock which is practically worthless.

The purpose of this campaign is to make people think and investigate before buying stock, particularly when they do not know anything about the company the stock of which is being sold or person selling such stock.

"Many people are too prone to believe everything that is told them by the stranger stock salesman, and they hesitate to ask him questions," says George E. Gill, Manager of the Bureau.

"The buyer allows himself or herself to be flattered by the salesman of fake stock who infers to the buyer that he or she knows the meaning of all the financial terms the seller so glibly uses. Many people hate to admit that they do not know much about speculative stocks. These salesmen know this and accordingly made extravagant claims which they know will not be checked up. These extravagant claims are always verbal—these salesmen will not commit themselves so enthusiastically in writing."

Continuing he says, "Within the past few months, sellers of highly speculative stock, much of which is practically worthless, have come into Indiana because there is no Blue Sky Law in this State and because they have been driven out of our neighboring States. These men do not concentrate in one part of the State, but have worked themselves into smaller towns and farm communities where money is plentiful and the knowledge of their selling practices is limited. These men will stay in Indiana just as long as they can unload their worthless stock here.

"Most salesmen or concerns selling legitimate securities do not object to detailed investigation on the part of the buyer, in fact they want the buyer to be satisfied before buying. Unless the buyer is able to judge securities, he should take time to investigate thoroughly before buying, particularly when in doubt about the standing of the stock or the man selling it."

Common-Sense for Corns, "Gets-It"

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind, while trying to attend to business? Use "Gets-It," the simple common-sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

For \$1.25—This Week Only To Women Who Failed to Get It

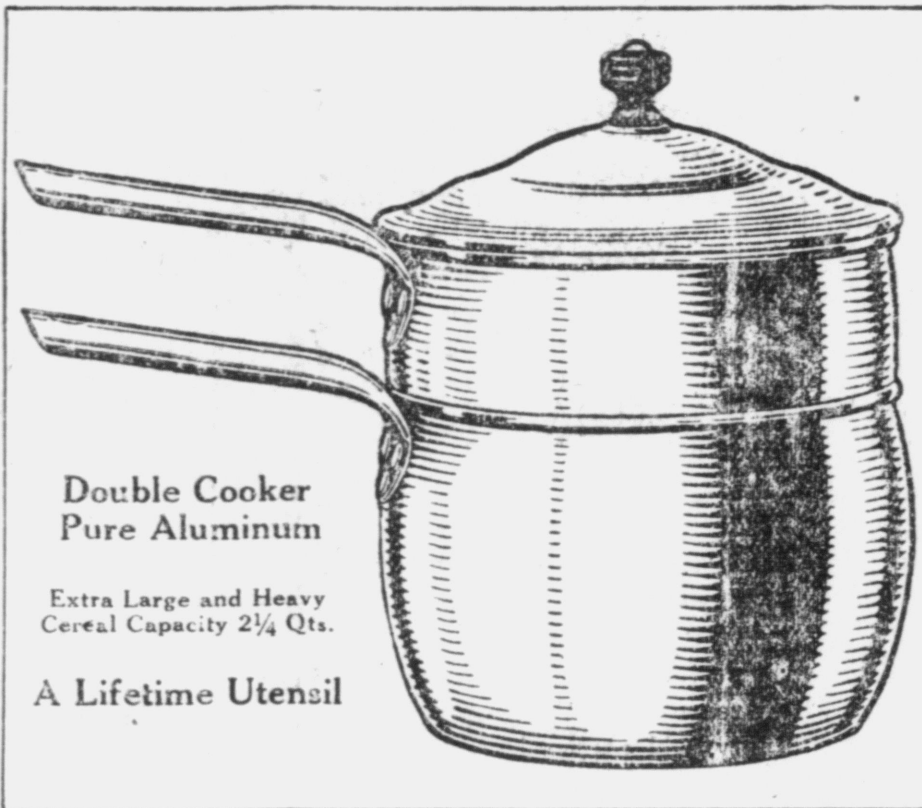

We have supplied our famous Cookers to more than a million homes. But we want every home using Quaker Oats to have one. So we repeat for one week only this attractive offer.

Now a Very Winning Offer

This, at present aluminum prices, is a very winning offer. For we have those Cookers made to our order in enormous lots.

Such an Aluminum Cooker, extra large and heavy, would probably cost at retail more than you care to pay. But you need it to cook cereals rightly. So we want you to have it—for your sake and our sake—if you are cooking our cereals without it.

If you have this Cooker, our offer is not open. We cannot supply more than one to a family. But, if you need one, get it now. This offer is made for one week only.

Double Cooker Pure Aluminum

Extra Large and Heavy Cereal Capacity 2 1/4 Qts.

A Lifetime Utensil

Keep the Rich Flavor Intact

Quaker Oats is made from queen grains only—just the rich, plump, flavorful oats. We get but ten pounds from a bushel.

This is done to secure a superlative flavor. Little grains, puny and insipid, lessen oat food delights.

Now we ask you to cook these luscious oat flakes so that flavor keeps intact. Cook them so they easily digest. This cooker will help you to do that, as it does a million others.

It is yours for \$1.25 if you send this week. And if you send the sales slip asked for, to show that you are using this delicious grade of oats. You will save enough to buy a great deal of cereal by accepting this offer.

Your Chance to Get It

Buy from your grocer three packages of Quaker Oats. Send us the grocer's sales slip with \$1.25 and we will mail the Aluminum Cooker by parcel post. Sales slips must be mailed within one week.

NEW POLITICAL PARTY MAY BE FORMED SOON

Call Has Been Sent Out For Delegates From the Country's Farm and Labor Organizations

TO MEET FROM DEC. 9 TO 13.

(By United Press.)

St. Louis, Oct. 23—A new third party may grow out of the conference of the country's farm and labor organization to be held here December 9th.

The gathering has been called by "The Committee of Forty-Eight" which has an organization under way in New York City. Dudley Field Malone, former prominent democrat, appointed Collector of the Port of New York by President Wilson is active in the movement.

The official convention call says delegates from all states will attend. The convention will be in session 4 days. The democratic and republican parties are denounced, in the call, as unrepresentative. Heavy taxation and wasteful extravagance of public funds and responsibility for the high cost of living are charged against the two parties.

"Right to a decent living for a day's work" free speech, free assembly and improvement of transportation facilities are given as reasons for the proposed third party. Old parties have failed in solution of these problems, the "Committee of Forty-Eight" charges.

FLORENCE HOT BLAST

THE WORLD'S GREATEST HEATER

I Will Give \$5,000 to Any Stove Manufacturer or Dealer who will produce a soft coal stove outside the construction of the FLORENCE that will burn all the ingredients of soft coal and will heat the same amount of space with the same amount of fuel as the Florence. Signed,

J. B. HOWARD.

The above \$5,000 offer has been made for the past twelve years every place where the Florence has been exhibited. It stands to reason that if any dealer or stove manufacturer could produce a stove that would do the work that the Florence will do they would not only have claimed the \$5,000, but would have gotten the benefit of letting the people know what great stoves they have.

Why pay 25 per cent more for other makes of stoves which they claim are just as good as the FLORENCE HOT BLAST? Why buy other makes of stoves when you can save 25 to 35 per cent of your coal bill with a FLORENCE HOT BLAST?

THE MOTHER

OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

OKLAHOMA OIL FIELDS BELIEVED ON DECLINE

Since 1917 Production has Shown 7,000 Barrel Decrease for Each Day—3 Percent War Tax

VIRGIN FIELDS ONLY RELIEF

(By United Press.)

Oklahoma City, Oct. 23—Oklahoma's oil fields are failing, operators think.

Since 1917 production has shown a steady decline ranging from 5000 to 7000 barrels a day, and now, with the continuing decreases operators are confidently expecting price increases for the raw products. A discovery of new fields is the only alternative, they say.

Thirty-one out of Oklahoma's seventy-seven counties yield either oil or gas and comprise the richest deposits in America. Their contribution now is about 218,000 barrels daily, according to figures offered by the state auditor, who collects a 3 per cent tax on gross production.

More than \$3,500,000 had been collected by the state this year at the beginning of the present quarterly period, and this did not include about one-third of the production which is from Indian lands.

Marigold flowers are sometimes used for flavoring soup and coloring cheese.

EASIER NOW THAN LATER

It is easier to break up a cold or check a cough now than it will be later. Persistent bronchial coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. Day, 65 Campbell Ave., E. Detroit, Mich., writes: "Foley's Honey and Tar relieves one of bronchitis very quickly. I hope never to have it again." This reliable family medicine for the relief of coughs, colds, croup, hoarseness, etc., contains no opiates. Children like it. F. B. Johnson.—(Adv.) 3

MUST CONSERVE NATION'S TREES

Forests are Like a Bank, Deposits Must be Made or the Account Will be Overdrawn

TRI-STATE ASSOC. MEETS.

Illinois, Indiana and Ohio Governors Call a Conference of All Interested in Woods

Indianapolis, Oct. 23—If the people of the United States want to erect a real monument, a lasting memorial for all time, in honor of Theodore Roosevelt let them mark his birthday next Monday, October 27, by starting to work in earnest for a national forest policy.

This is the message to the Tri-State Forestry Conference delivered here last night by Charles Lathrop Pack, president of the American Forestry Association of Washington. Mr. Pack warned of the growing timber shortage and said: "Our forests are like a bank account; they cannot be continually drawn upon without making some deposits." He urged everyone to join the American Forestry Association in its campaign for a national forest policy. The conference is really a national one for foresters, timberland owners, lumber men and representatives of wood using industries from many states were present in addition to those of Indiana, Ohio and Illinois. Governor Goodrich opened the first session this morning.

At the dinner in the James Whitcomb Riley Room at the Claypool Hotel, Mr. Pack said in part:

"I do not believe the human mind can devise a more suitable memorial to Theodore Roosevelt than a movement which will look to preserving the forests of this country. Knowing the man, as it was my privilege to know him, I am positive that could the selection of a memorial be left to his choosing he would say 'save the forests'. As president he called the first conference of governors which took up the great questions of conserving our natural resources. He was our greatest exponent of the value of these resources and of the value to the nation of outdoor life.

"You foresters can do a great work in the direction of the public mind to these values. You must take the public into your confidence and the way to do that is to tell your story to the editors of the country for without them your progress will be as that of the snail—you may get there some day but without the editors I firmly believe you will have arrived when there are no forests to conserve. Our forests are like a bank account; they cannot be continually drawn upon without making some deposits.

"If you expect to see a national forest policy adopted in this country you have to show the people the necessity for it as they are the ones who pay the bills. There is but one way to show the people and that way is through the editors. The editor is the spark that stands between your lever—the forest policy—and the motor—its adoption. Show your editor what a forest policy means and where our forests, one of our great natural resources are going, your motor starts and your battle is nine-tenths won.

"The force of public opinion today is working 'on high' on several questions. Turn that force toward a national forest policy. Show your editor what a national forest policy will do and the wheels will begin to turn, show him how a national forest policy in France for 125 years saved her and civilization. Show him how the forests of France held back the Hun from Paris. Show him the figures that estimates last year's forest fire losses to be \$28,500,000. Show him what a national forest policy means to his paper bill. Show him that the net growth of timber is not more than one-third the amount which is being used or destroyed every year. Show the editor these things and you show the world.

"The time has come for forestry now celebrating its twenty-first year of being taught as a science in a college, to become a subject for popular thought. The people must be interested in trees. The American For-

estry Association is conducting a campaign for memorial tree planting and for Roads of Remembrance which is the road side plants of trees as memorials to the heroes of the great war. I hear some good foresters say that is not forestry. Before you can become initiated into the mysteries of where the milk comes from you must first get acquainted with the cow. Before you can hope to enjoy the delights of Shakespeare you must first give some thought to the construction of the English language. Before the producer puts on a play he spends thousands of dollars in an endeavor to get an audience for that play. Before you foresters can ever hope to interest the public, which is the court of last resort in this country in a national forest policy, you have got to interest that public in A TREE.

SHOWS STATE BOARD SAVING

Table Reveals Taxes Would Have Been \$326,557.09 More Next Year Without New Law

WHAT RATE WOULD HAVE BEEN

Rushville City Taxpayers Alone Are Saved \$48,648.01—Five of 15 Units Allowed More

That the new state tax law and the state board of tax commissioners created by it, will save the taxpayers of Rush county \$326,557.09 next year, is the startling disclosure made by the board with figures sent here today.

The board shows the saving by taking the difference between the rate asked by local officials and the rate fixed by the tax commissioners, and multiplying it by the valuation of the taxing unit. The same result can be arrived at by computing the taxes payable under the rates asked and those under the rates fixed by the board and taking the difference.

For example, in the city of Rushville, where the valuations were increased 243 percent, the tax levy was reduced from \$4 on each \$100 of taxable property to \$1.52, but if the rates fixed for Rushville city by local officials had been allowed, the levy here would have been \$2.14. This represents an actual cut in the rate of 62 cents on the \$100, which multiplied by the taxable value of the property in the city, makes \$48,648.01, the actual saving in Rushville alone.

On the other hand, the table likewise shows what the rates in each taxing unit would have been if the valuations had not been changed and if local taxing officials fixed their levies to raise as much as they asked of the state board. If the new tax law had not been passed, the tax rate in Rushville next year would have been \$4.98, an increase of 98 cents a hundred dollars on the old valuations.

The table likewise reveals that in five of the fifteen taxing units of the county not as much revenue was allowed by the state board for next year, as was used this year. The fact is shown by a comparison of the rate which would have been required to raise the same revenue as was derived this year, with the rate asked by the state board. Carthage, Walker township, Rushville township, Glenwood and Rushville city. The savings by taxing units are shown as follows:

Carthage	\$ 3,339.24
Tipple	15,388.92
Posey	34,134.01
Walker	39,423.42
Orange	19,235.40

Poble	23,007.80
Richland	12,572.38
Rushville City	48,648.01
Total	\$326,557.09

The rates fixed by the local taxing officials and those fixed by the state board, which reveals the reductions made by the state commissioners, are as follows:

	Loc	St.	
	Ask	Bd	Cut
Carthage	1.66	1.34	.32

TO CLOSE AT FIVE O'CLOCK

Dry Goods Stores to Change When Clocks Are Turned Back.

Beginning Monday night, the first week day after the time is changed, Rushville dry goods stores will close at five o'clock in the afternoon every day except Saturday, it was announced today, instead of 6 o'clock, as has been their custom. The dry goods stores closed at 5 p. m. last winter.

The clocks will be turned back Sunday at 2:00 a. m. and the United States will go back on the old time schedule. Many people will turn their clocks back an hour Saturday night before retiring.

COLLECTION OF FALL TAXES MOVES SLOWLY

County Treasurer Announces They Must be Paid at Rate of \$19,135 a Day.

TELLS HOW TO PAY BY MAIL

The collection of the fall installment of taxes is very slow, according to Charles A. Frazee, county treasurer, who announced today that if all of the taxes on the duplicate were collected by November 3, the last day for paying, they would have to be paid at the rate of \$19,135 a day. The total collected up to the close of business last night amounted to \$98,641.77 and it is estimated that there is \$290,000 to be paid on the fall installment, which leaves \$191,359 to be collected in ten days.

Mr. Frazee issued the request he makes every taxpaying time, that Rushville people please pay their taxes any day but Saturday, so as to leave that day for farmers and thus avoid a rush. Taxes may be paid as usual without the taxpayer visiting the office. All that is necessary is to send the treasurer a blank, signed check, the location of the real estate on which the taxes are to be paid, and a self-addressed stamped envelope in which the receipt will be returned.

Washington, Oct. 23.—President Wilson today constructed a new national industrial conference from the wreckage of the first one.

At his suggestion, transmitted through Franklin Lane, chairman, the delegates representing the public will remain in session to seek a solution of the nation's industrial problems. The delegates of the employers were excused from further attention and the labor representatives walked out yesterday. The public conferees, the president told Lane, must carry on the work.

The public group will be expected to make exhaustive investigation of the entire national situation just as the original conference of the public, capital and labor had planned to do, Lane explained. This group will carry on work of the committees already appointed and reorganize them where vacancies have occurred through the adjournment of the original conference, Lane said. New members will be added to the group if it seems necessary.

A marriage license has been issued to Francis J. Cannon of Greencastle and Esther C. Black, daughter of Mr. and Mrs. Benjamin A. Black, of this city.

FORMER LOCAL MAN COURT-MARTIALLED

Richard V. Sipe, Son of Dr. and Mrs. R. W. Sipe of Orange, Held For Failing to Report

MEMBER OF STATE MILITIA

General Court Martial Set For Friday—Priv. Sipe Son-in-Law of E. A. Frazee of This City

Richard V. Sipe of Indianapolis, who is the son of Dr. and Mrs. R. W. Sipe of Orange and a son-in-law of Mr. and Mrs. E. A. Frazee of this city, has been court-martialled for failing to report for duty with the state militia at Hammond, Ind., according to a dispatch from Hammond today. Mr. Sipe was born and reared at Orange and is the brother of Dr. Sipe of Carthage. He is well known in Rushville where he visits frequently. At the last general election Mr. Sipe was elected clerk of the Marion county circuit court at Indianapolis. The dispatch from Hammond reports the arrest of Private Sipe as follows:

Harry B. Smith, adjutant general of Indiana, who is commanding the state companies of militia on duty in the strike zone in the Calumet district Wednesday announced that there will be a general court martial next Friday to try Private Richard V. Sipe, Jr., of Company C, of Indianapolis, and clerk of the circuit court in that city, on charges of failing to report for duty when called. The military companies are stationed at East Chicago, Hammond, and Gary. He is said to have finally arrived and is held as a military prisoner.

It is known that Gen. Smith was in communication with Governor Goodrich at Indianapolis Wednesday over the telephone, but the subject of the conversation was not made public. It is believed, however, that it had to do with the removal of part of the men who are members of the state troops stationed in this district. Gen. Smith departed soon after for Indianapolis to confer with the governor.

Following the announcement that a court martial had been called for next Friday, it was announced that Merle N. A. Walker, a private in Company C and former judge of the probate court at Indianapolis, had been discharged without honor from the service of the state. It is understood that Walker sent a letter to Governor Goodrich touching on affairs in this district, which was detrimental to military discipline.

A few men of each state company on duty in this district are permitted to visit their homes on brief furloughs, but there is no plan, so far as is known, to send an entire company home.

NEWS OF DEATH RECEIVED

J. C. Perrin, Brother-in-Law of Dr. Hackleman, Expires in Chicago.

Dr. F. G. Hackleman has received word of the death of his brother-in-law, J. O. Perrin, of Chicago, who died yesterday afternoon. Mr. Perrin was well known here among the older residents of the city, having been here frequently, and was married to Miss Aldine Hackleman. Mr. Perrin is survived by his wife and a daughter, Mabel. The remains will be shipped to this city tomorrow night and taken to the chapel in East Hill cemetery, where burial will be made later. The announcement of the funeral services will be made after the arrival of the funeral party. The deceased was nearly seventy years of age, and death resulted from a case of influenza last spring, from which he never fully recovered.

10 LAW SUITS ARE ENTERED TODAY

C. W. Duncan Files Ten Cases Which Break all Records in Court Here—Three For Divorce

SEVERAL ON ACCOUNTS

Jeffreysmiths of Milroy Figure Again, Ozzo Hoard and Eva Cloud Sue For Divorces

Ten new law suits were filed this morning in circuit court, C. W. Duncan representing the plaintiffs in each case. This is the greatest number of suits to be filed at a single time or day, according to recollections of court house officials. In the number three parties ask for divorce, two of whom name the wife as defendants.

Charles C. Jeffrey-Smith of Milroy, who broke into the limelight a few weeks ago, by causing a sensation in Milroy, has brought suit for divorce against Emma Jeffrey-Smith on grounds of cruel and inhuman treatment, also alleging that she had undue intimacy with other men and associated with other men for immoral purposes. He also alleges that she was a constant user of profane language. According to the complaint they were married in November 1910 and separated following the day of their sensational trip to Milroy in August of this year.

Ozzo Hoard, who was married on July 26th, states that two months of married life was enough for him, and being a minor brings suit by his mother, Elizabeth Hoard, alleging that she was untrue to him, in that she associated with other men, and by her high temper, cursed and abused him, making his life miserable and unbearable. They separated September 30, after being married a few days over two months.

Eva Cloud, who according to the complaint is under twenty-one years brings suit for divorce against Walter Cloud, with her father, Marcellus Teeters, acting as her next friend. Mrs. Cloud lives in Posey township and according to the complaint were married August 18, 1916 and separated June of this year.

She alleges abusive and cruel treatment and says that she was compelled to work for a living, and that her husband had wrongfully and without cause intimated that she was a woman of immoral character. She states that her husband is 38 years old, and gives her age as 19. In asking for a divorce she asks support money to fight the case with and that her maiden name of Eva Teeters be restored.

A suit to foreclose a chattel mortgage demanding \$350 was filed by Walter E. Smith against Minot W. Poer and Hazel Poer. According to the complaint a promissory note for \$215 was given by them, which was due within 12 months after date, February 6, 1919, and that interest thereon should be paid monthly at the rate of 3 1/2 percent.

Mr. Smith alleges that neither interest or principal has been paid, and asks for the foreclosure of the mortgage which consisted of all the household furniture in the John Rickett's tenant house west of New Salem.

John A. Knecht has filed suit against Will Evans on a promissory note, demanding \$150. The note dates April 28, 1918, and was originally made payable to the firm of Knecht and Gartin, but Gartin has assigned it to Knecht. The note originally was for \$87.12 which with interest and attorney fees, the plaintiff asks for judgment in the sum of \$150.

F. B. Hasher, a grocer in the west part of Rushville, is suing Jacob L. Buchanan on a two-month's grocery bill demanding \$100. The bill is for groceries purchased in October and

WROTE PICTURE SCENARIO

Tom J. Geraghty, Author of One For "Her Kingdom of Dreams"

The scenario for "Her Kingdom of Dreams," which is showing at the Princess theatre today and tomorrow, with Anita Stewart in the stellar role, was written by Tom J. Geraghty, former editor of the Republican, who now lives in Hollywood, California. The picture is adapted from Louise Provost's novel of the same name and is the story of a marriage of convenience. Mr. Geraghty wrote the scenario and sold it to a representative of Anita Stewart. The star is surrounded in the seven-part picture with a galaxy of leading people, all of whom have played stellar parts.

TWO PAY FINES IN SQUIRE STECH'S COURT

Maurice Kirk Denies He's Guilty of Passing Standing School Hack But Pays Anyway

JESS STOUT CHANGES PLEA

Two persons have paid fines in Squire Stech's court yesterday afternoon and today. Maurice Kirk, charged with passing a school hack while it was loading children, paid a fine yesterday afternoon of \$5 and costs. He denied his guilt, but rather than take the trouble of fighting the case, pleaded guilty and paid. He said that the hack did not stop in front of the house, but about 30 feet the other side of the house, after he had thought the driver was not going to stop. He put the blame on the hack driver.

Jesse Stout who pleaded not guilty a few days ago to the charge of violating the city speed ordinance, appeared this morning before the squire and changed his plea to guilty, paying the costs and fine, which amounted to \$16.70. It was alleged that he exceeded the speed limit at the Jackson school house corner, and ran up onto the lawn, breaking a bicycle rack and tearing down a gas pipe which served as a fence.

MINERS DECIDE TO REJECT COMPROMISE

Lewis Says Offer of Secy. Wilson is Inadequate and Insufficient to Meet Situation.

COAL STRIKE NOV. 1 LOOMS

(By United Press.)

Washington, Oct. 23.—Miners meeting at the American Federation of Labor building today voted to reject Secretary of Labor Wilson's compromise proposal for settlement of the coal strike set for November 1.

"The offer is inadequate, insufficient and failed to meet the necessities of the situation," said John Lewis, head of the United Mine Workers following the meeting. "We will so tell Secretary of Labor Wilson at two o'clock this afternoon," Lewis declared.

The action of the miners means that the coal strike will start on the scheduled time unless Wilson can find another way to bring the miners and operators together. Lewis indicated that the miners will oppose meeting in conference with the operators unless a proposal much more favorable to the demands was immediately forthcoming.

CONDITION SATISFACTORY

Washington, Oct. 23.—"The president is making as satisfactory progress as expected," according to a statement issued at noon today by Dr. Grayson. No new symptoms have developed, the announcement stated.

WATSON DECLARES HE HAS THE PROOF

Indiana Senator Replies to Challenge of Federal Trade Commission Regarding Charges

MORE EVIDENCE PROMISED

Tells Senate Information About Employees Comes From Inside Federal Body Itself

A challenge of the federal trade commission for Senator James E. Watson of this city, to prove charges that the commission has on its payroll active Bolsheviks and anarchists, and his reply that his information came from within the federal body itself, form the latest chapter in the controversy which started Monday when Senator Watson made sensational charges against the commission.

A Washington dispatch today said that the Watson resolution for an investigation of the commission would probably be recommended by the committee on expenditures, for passage, and that it would be acted upon favorably. The dispatch continues as follows:

At the time the commission's statement was made public Senator Watson was informing the senate that none of the information on which his charges had been based was furnished by representatives of the packers; that all of it had come from inside the commission itself. He also declared that he was investigating the activities of Socialists in other departments of the government and would make known the results to the public from time to time.

Senator Kenyon, author of one of the bills to control the packing industry—his bill being based largely on a report submitted by the Federal Trade Commission—declared in favor of the Watson resolution after he had satisfied himself that an inquiry concerning Socialists and even reds in the government employ has no connection with the packer investigation.

Senator Harris of Georgia, who formerly was a member of the Federal Trade Commission, defended that body, yet said if there are radicals and reds among its employees that they ought to be ousted at once.

It is probable that the Watson resolution will be adopted by the Senate after it has been recommended by a committee on expenditures tomorrow.

"The resolution I have introduced charges that certain men employed by the Federal Trade Commission are Socialists and that some of them are anarchists and the question I want investigated is whether or not this is true," said Senator Watson, addressing the Senate. "I expect to prove my charges. The question as to whether the packers are guilty or not guilty has not a thing in the world to do with the question involved."

The senator declared that while the charges he now makes are against employees of the Federal Trade Commission that later he will give the names of radicals and Socialists who have found government berths in other departments, and bureaus under the present administration.

Senator Kenyon interrupted Senator Watson to ask if he personally investigated his charges, and asked him to give the source of his information. He also asked if any of the information came from the packers.

"None of this information came from a packer. I do not know a packer—one of the big five. I never met one. When our committee meets I will discuss fully the source of my information. It is enough for me."

KAISER SCOFFED U. S. INTERVENTION

Von Bernstorff Testifies Wilhelm
Said as Late as Jan. 16, 1917,
Things Must Take Course

EVIDENCE CAUSES SENSATION

Full Text of Message Sent to For-
eign Secretary Read to Reich-
stag Committee.

(By United Press.)

Berlin, Oct. 23.—The former
kaiser scoffed the danger of Ameri-
can intervention early in 1917, ac-
cording to Count Von Bernstorff,
then American ambassador to the
United States.

Replying to a question by Dr.
Sinsheimer when he resumed testi-
fying before the reichstag commit-
tee investigating the conduct of the
war this afternoon, Von Bernstorff
admitted Wilhelm telegraphed For-
eign Secretary Zimmerman about
January 16, 1917, that if a breach
with America was not to be avoided,
things must take their course.

The statement created a sensa-
tion, several of the committee mem-
bers gasping.

There was hurried consultation
and a copy of the telegram was pro-
duced by Sinsheimer.

The statement was as follows:
"His majesty does not care a bit
about President Wilson's peace of-
fer. If a breach cannot be avoided
things must take their course.
Events are happening."

The excitement grew as the full
text was read and committees and
the audience gasped the meaning.

Sinsheimer declared that Ger-
many's program of peace conditions
sent to Wilson January 12, 1917,
and which was said to be the same
as Germany offered December 28,
1916, was in reality not the same.

"This is the first time I knew
that," Von Bernstorff said.

Returning to the discussion of the
alleged German acts in America,
Von Bernstorff said he believed
nothing had transpired to justify
accusation of conspiracy. He ad-
mitted that certain German officials
had participated in acts of sabotage
but declared German foreign officials
never were a party to it.

DEBATE RAGES IN SENATE

(By United Press.)

Washington, Oct. 23.—While the
debate raged on the senate floor to-
day over the Johnson's treaty
amendment, democrats and republi-
cans leaders worked in lining up
forces upon reservations.

Further reservations will be con-
sidered by the foreign relations
committee at a meeting late today.
Johnson made a final plea today for
his amendment to equalize the vot-
ing strength in the league.

ILLINOIS UNIONS FOR A DEFENSIVE ALLIANCE

(By United Press.)

Peoria, Illinois, Oct. 23.—A tele-
gram was sent today to Samuel
Gompers, president of the Ameri-
can Federation of Labor by the
State Federation of Labor by the
today, for him to call immediately
a special conference of the Ameri-
can Federation of Labor and rail-

Chicago, Oct. 23.—The govern-
ment was defrauded out of at least
\$13,000,000 in the war time con-
tract with the Standard Steel com-
pany, Congressman Graham, chair-
man of the congressional sub-com-
mittee, stated today.
According to Graham, the gov-

ernment spent \$27,127,600 and re-
ceived two hundred gun carriages,
which were to have been worth \$8,
000,000. Not one of them were fin-
ished before the armistice was sign-
ed.

TWO MEN SHOT WHEN THEY RESIST ARREST

Youngstown, Ohio, Oct. 23.—Two men were shot and seriously wounded and four others were jailed after a fight with the police. The men were charged with trying to burn the homes of mill workers in the strike zone.

Upon their arrival in this district, the police found three foreigners around the home of a negro and attempted to place them under arrest on suspicion. They were met with resistance. Two of the men were shot and the third subdued.

Following the shooting the secretary of the strike committee wired Governor Cox, asking state aid in protecting strikers.

3 Million Dollars but-- It Bought MUSIC

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph,—an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the entire field of research in sound reproduction. He built and rebuilt until his final, perfected model cost him Three Million Dollars.

And the result?

Ask some one who attended the Amy Ellerman-Fleming Sisters recital Friday Evening, October 3. There was the public proof. Miss Ellerman sang in comparison with the RE-CREATION of her voice by the New Edison. The Fleming Sisters Instrumental Trio played in comparison with the RE-CREATION of their art by the New Edison. And no one could distinguish the living art from its RE-CREATION.

The New Edison "The Phonograph with a Soul"

If you love music, you will agree with Friday's (Oct. 3) enthusiastic audience:—The New Edison represents Three Million Dollars well spent.

The soul of song is cheap at any price. Yet it is now brought within reach of your pocketbook. The instrument used in Friday's (Oct. 3) conclusive test is a duplicate of Mr. Edison's Three Million Dollar Model. It sells for \$285 (in Canada, \$431).

Growth of Safety First

From a meager beginning, battling all through the years against prejudice and disdain, Safety First has grown from a mustard seed into a giant tree under whose protecting branches two million railroad employees, many more millions of other industrial workers and still other millions of steam transportation patrons find protection, comfort and assurance.

That mustard seed first was planted in 1750, when the first safety committee was organized. About ten years ago the tree was given great stimulation. At this moment the tree is spreading its great branches over every foot of the nation's railroads, for the National Railroad Accident Prevention Drive is on and will continue until the last minute of this month.

It was in the middle of the eighteenth century that a Dutchman, Martyn Van Alstyne, figured it out that land values would increase somewhat as they have in the last two years. And he, and some associates, gathered at Canajoharie, New York, and built Fort Rennselaer. This was in 1750. Unwittingly, he became the founder of Safety, for here again necessity was the mother of invention. Van Alstyne and his followers had moved up from the vicinity of Albany. His home became the center of activities for the colonists. A progressive farmer and miller, his fireside was noted far and wide for its hospitality.

The Indians were a bit troublesome as uninvited visitors and paid little attention to the "No trespassing" and "Keep off the grass" signs that Van Alstyne and his fellow settlers posted. These raids by the redskins were more dangerous and frequent than railroad crossings today. Threats and cajolery failed to bring relief. Some of Van Alstyne's companions suggested that it would be well to try to inform the raiders in a gentlemanly way that the white man meant only to live peacefully in a restricted area. But Van Alstyne was wiser than his generation. He

Sap and Salt

By BERT MOSES

If you are laughed at, laugh back, and you win.

A butcher's honesty is sorely tested when he makes sausage.

If you are proud of your business, don't conceal it—advertise.

A good set of teeth match and harmonize with any clothes you wear.

Hez Heck's wife says: "Deliver me from the man who explodes like a tire when he kisses!"

The tumble bug's trade may not be cast along fragrant paths, but he seems to get a lot of joy out of his work.

convinced his associates that a Safety committee was the only solution. They agreed—eventually.

His home being centrally located was palisaded and became the meeting place of the first Safety committee. On this first pioneer committee, besides Van Alstyne, were Nicholas Herkimer, Benedict Arnold, whom a certain widely known automobile manufacturer termed "an author"; Christopher Yates, and Samuel Kirkland. Success was attained by this body almost from the start, and it branched out and attended not only to Safety matters, but also became a pioneer neighborhood improvement association.

Little was heard of Safety propaganda until the railroad trains began clipping off fifty miles an hour, electric cars began to claim a tribute of life and limb and automobiles came into general use.

Something to be Regretted

In a certain home the mother was toiling diligently—washing dishes, pots, pans and kettles, sweeping the floor, dusting the furniture and tidying up generally.

But that was nothing new. That mother is always doing the same. She is a wonder.

On the front doorstep reclined a young lady, a daughter of the house. She was perusing the latest novel.

That, also, was nothing new. Reclining and perusing is her favorite pastime.

But think of it!

The parent slaving and the daughter lazing!

Some day that daughter may in turn become a mother herself.

She may even see the day when necessity will force her to perform household duties early and late, while her daughter idles away her time.

That dreaded "tired feeling" may become her constant companion in life.

Then perhaps, she may think with regret of the time when she, a strong and healthy girl, lolled the hours away while her own mother toiled that others might be content with their lot in life.

The lesson may be slow in coming, but it will be bitter when it arrives.

Commenting on Samuel Gompers' reported statement that "American railway workers intend not only to compel the Government to take over the railways, but will demand as the next logical step that labor shall be granted a permanent, equal voice in railway administration," the St. Louis Republic, (Dem.) says: "Compel" is not a pretty word to use in this connection. The Government of the United States acts on its own free will. It can be compelled only by war or some other form of force equally effective. Does the Republic believe the action on the Four Brotherhoods was "equally effective" in 1916? They compelled the Wilson Government to do their bidding.

Alphonse the First, who founded the Portuguese kingdom in the twelfth century, was said to be seven feet tall.

10 LAW SUITS ARE ENTERED TODAY

Continued from Page One
 November 1917, which amounted to \$61.70. An itemized account was filed with the complaint.
 John A. Spurrier was made a de-

fendant in a case this morning, when the Chase Hackley Piano Company brought suit against him, on a complaint in conversion and damage in the sum of \$350. The complaint states that they sold two pianos on or about May 27, 1916, which amounted to \$310. They allege that the contract stated that the pianos were to remain their property until paid for, and if sold by Spurrier on notes, the notes were to be the property of the factory.

The factory alleges that in June 1918 both pianos were sold, and notes taken, which have since been paid off, and that Spurrier received the money, as well as interest on the notes. They ask judgment for \$350 as damages.

The Louisiana Lumber Company of Cairo, Ill., brings suit against George A. Looney, doing business in Rushville, as the National Lumber Company, demanding \$100 on account. According to the complaint the Rushville firm purchased a car load of cypress, and that a balance of \$73.92 is due them on the \$800 account.

Two suits for replevin and damages were filed by Spear & Company

of Pittsburg, asking possession of furniture purchased on the installment plan where the payments were not made and damages in the sum of \$25 in each case.

Roscoe Lewis, of Glenwood, is made a defendant in one case, where the mail order house allege that they sold him furniture which amounted to \$88.48 and that a balance of \$63.50 remains. William Byard is also alleged to have purchased household goods for the amount of \$115.28, which was not totally paid. In each case the plaintiffs seek possession of their merchandise and asks \$25 as damage.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Rural telephone lines are exasperating because every call means a continuous tingling of your own bell, more gossip and listening in. On a certain line a domestic but curious housewife just had to ring up her friends every morning. Eavesdropping conversations were limited to uninteresting recitals of household duties and exchange of health report. Once, when trying a new recipe for baking beans, she filled in time explaining it and a new fireless cooker to her friends over the phone.

A new subscriber with a sick baby tried in vain to use the line to get the doctor. On each occasion the same nasal voice beautified beans. Mothers are the wonders of the world and this one was no exception. A light dawned. Seizing the receiver she awaited a lull, whereupon she broke into the conversation. "Madam," she called, "your beans are burning. I smell them."

The business of the world was immediately resumed on that line. (Contributed by Edith L. Clark, 264 Magnolia Street, Rochester, N. Y.)

Pigs Get Worms Very Young

The time to commence feeding **ACME WORM BOUNCER** is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and then expel them.

Notable Cast at Princess

How Judith Rutledge's idealistic conception of life in the great cities was sent crashing on the rocks of a harsh reality is the theme of "Her Kingdom of Dreams," starring Anita Stewart and which will be seen at the Princess theatre today and tomorrow.

As a young girl living with her invalid father in a small western town, Judith frequently longed for the wonders and beauties of the large cities. And, as a reward for that longing, it seemed, an opportunity came to her to visit her Utopia. She was to be a private secretary to James Warren, prominent Wall Street banker.

Once in the employ of Warren, Judith's sincere services led Warren to believe that she could be trusted with his most masonic secrets. On his deathbed, he made a final request—that Judith marry his rather unsteady son, Fred.

How this marriage, entered into in a spirit of dogged compliance with the elder Mr. Warren's wishes developed into a fervent love-match spiced with episodes revolving about the wrecking of a great financial power, and the exposure of shameless women makes "Her Kingdom of Dreams" replete with tense dramatic scenes that cannot fail to please the patrons of the Princess theatre.

13th Episode Lincoln Picture

The thirteenth episode of the Elmo Lincoln picture, "Elmo The Mighty", a Lyons and Moran comedy, "Missing Husbands", and a two part western picture, "Gun Law" form the program which is being showing at the Mystic today. Tomorrow a Harry Carry success, "Riders of Vengeance", in which gun play at its height as a science is depicted, will be the offering.

Many of the players supporting the star in his latest Universal photodramas were gun-men of the old range, all of them actually rode for their daily bread and sometimes fought for pleasure.

Realizing that he could not truthfully depict this genuine story of the old West without showing the gunplay as it really occurred, Jack Ford, the director, talked to men who lived in the town of Mesquite, where the story is laid, and who saw some of its dramatic unfolding twenty years ago.

Among the adventurous spirits of the old West who are now a part of the band of plainmen who, working under the Universal banner is King-Fisher Jones, who led the list when Buffalo Bill gathered around him the best riders in the West. He was a range partner of famous men, Governor Campbell, of Arizona, being among them. He once gave a special performance of broncho "busting" before Queen Victoria.

WATSON DECLARES HE HAS THE PROOF

Continued from Page One
to say at this time that my information concerning these radicals employed by the Federal Trade Commission came from within the commission itself.

"All I want," continued Senator Watson, "is the opportunity to prove the truthfulness of my assertion. I have distinctly stated, and I reiterate that I have no desire in the world to interfere with the investigation of the packers that is being conducted by the Grooma committee. I am not familiar with one line of the testimony introduced before that committee.

"For many weeks I have been investigating the activities of Socialists in various departments in Washington. I soon will give the names of radicals who have wormed their way into other departments of the government.

"All senators seem to agree that if my resolution charges the truth, these men should be ousted from their present positions. All I want is an investigation, and then, if I do not show the truthfulness of every charge I have made, I will honorably say so on the floor of this body. My information is entirely trustworthy, and I propose if this investigation is ordered, to prove the truthfulness of the charges I have made. That is the only object I have in view.

"There are many varieties of Socialists and of course I would not go

to the extent of saying that every man who entertains any of the mild views that some Socialists entertain should be kept from public position. But I do mean that I do not think that men who believe in the fundamental socialism and bolshevism are the same—should be permitted to work for any government in which they do not believe. Men of such stamp are against all business and are therefore in no frame of mind or mental attitude to investigate any business."

Dancing Class Postponed

The dancing class which was to have been held tonight has been postponed until Saturday night, on account of the Modern Woodmen using the hall.

Miss Clara Kroeckel

Mr. and Mrs. Louis C. Hiner entertained at six o'clock dinner last evening at their home in North Harrison street, Mr. and Mrs. W. T. Simpson, of Roswell, N. M., who are visiting relatives in this city.

The regular meeting of the Rebekah lodge will be held Friday night at 7:30 o'clock. Four candidates will be initiated. All members are urged to be present, and a request has been made that each bring a pie.

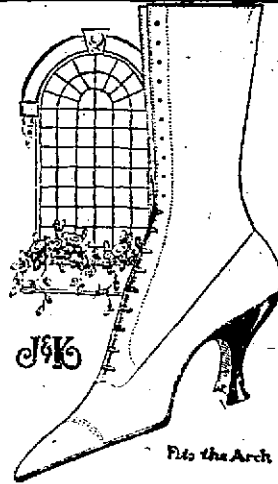

Mr. and Mrs. Willard Brown were host and hostess for the Country Circle Club Tuesday evening at their home west of the city. The evening was spent with music and games and at the close refreshments were served. The next meeting will be with Mr. and Mrs. Cary Cross.

Miss Ella Remes, daughter of Zell Remes, and Harry Brakefield, son of Silas Brakefield, both of the Arlington neighborhood, were married at the Main Street Christian church parsonage yesterday about noon by the Rev. L. E. Brown. They will reside on a farm near Arlington.

Mrs. Ruby Petry entertained the members of the First Presbyterian Ladies Aid society yesterday afternoon at her home in North Sexton street. After the regular program refreshments were served. The assisting hostesses were Mrs. D. C. Buell, Mrs. J. P. Hogsett and Mrs. Charles Dohyans.

Mrs. C. S. Hester, assisted by Mrs. Scott Hosier and Mrs. Emmet Pegley, entertained the members of the Loyal Daughters class of the Main Street Christian Sunday school, last evening at her home in North Main street. At the close of the business session and the interesting program which was given, the hostesses served light refreshments.

A large crowd of friends and relatives pleasantly surprised Mr. and Mrs. Will C. Culbertson, who have sold their farm southwest of Rushville and will move to Rushville, with a pitch-in supper last night. Those present were: Mr. and Mrs. Ernest Linville and family, Mr. and Mrs. Tom Lower and family, Mr. and Mrs. Willard Brown, Mr. and Mrs. Tom Miller, Mr. and Mrs. W. E. Jones and daughter Ellen Louise, Mr. and Mrs. Bert Gibson and daughter Marion Dorothy, Mrs. Maggie Mohr and sons Leroy and Waldo, Mr. and Mrs. Will Merritt and daughter Tinsel, Mr. and Mrs. J. R.

The Princess TONIGHT and FRIDAY

Anita Stewart in "Her Kingdom of Dreams"

There is a "Kingdom of Dreams" in every woman's heart and this is the story of how one woman found her soul's mate through a marriage of convenience.

Immediately following the ceremony a wedding breakfast was served at the home of the bride's parents, in North Jackson street, to about fifty guests. The out-of-town guests were: Mrs. Marion Bryan, Mrs. Frank Weidman, Miss Lillian and Josephine Weidman, Mr. and Mrs. Ed Caldwell, Berlin Caldwell and Miss Charlotte Thompson, all of Indianapolis; Jack Madden and Mrs. Margaret Mulligan, both of Chicago; Miss Nelle Baldwin of Greenfield; Mr. and Mrs. Wilbur Holloway of Brownsburg; Joe Fisher of Crawfordsville; Miss Marie Fisher of Crawfordsville; Mr. and Mrs. John Cannon and daughter Mary Catherine and Miss Ann Cannon, all of Greencastle and Mr. and Mrs. Will Carroll and children of Plymouth.

Following the wedding breakfast the bride and bridegroom left for a trip through the East. Mrs. Cannon's going-away suit was of blue tricotine with feathered hat to match.

Mrs. Cannon was popular among social circles of this city and has been a teacher in the public schools of this city for the last few years, previous to which time she was graduated from De Pauw university. She is a member of the local chapter of the Tri Kappa sorority.

Mr. Cannon is in the clothing business in Greencastle, where they will make their home.

PLAN CAMPAIGN TO EDUCATE PERSONS

People Warned Against Falling Victim to Sellers of Bogus and Worthless Stocks

MANY HAVE BEEN DUPED

Purpose is to Make People Think and Investigate Before Buying Stock

A campaign to educate persons of moderate means against falling victim to sellers of bogus and worthless stock is now being waged by the Better Business Bureau of Indianapolis. According to officials of the Bureau, a great number of reports are coming into the office from people who have been duped into buying stock which is practically worthless.

The purpose of this campaign is to make people think and investigate before buying stock, particularly when they do not know anything about the company the stock of which is being sold or person selling such stock.

"Many people are too prone to believe everything that is told them by the stranger stock salesman, and they hesitate to ask him questions," says George E. Gill, Manager of the Bureau.

"The buyer allows himself or herself to be flattered by the salesman of fake stock who infers to the buyer that he or she knows the meaning of all the financial terms the seller so glibly uses. Many people hate to admit that they do not know much about speculative stocks. These salesmen know this and accordingly made extravagant claims which they know will not be checked up. These extravagant claims are always verbal—these salesmen will not commit themselves so enthusiastically in writing."

Continuing he says, "Within the past few months, sellers of highly speculative stock, much of which is practically worthless, have come into Indiana because there is no Blue Sky Law in this State and because they have been driven out of our neighboring States. These men do not concentrate in one part of the State, but have worked themselves into smaller towns and farm communities where money is plentiful and the knowledge of their selling practices is limited. These men will stay in Indiana just as long as they can unload their worthless stock here.

"Most salesman or concerns selling legitimate securities do not object to detailed investigation on the part of the buyer, in fact they want the buyer to be satisfied before buying. Unless the buyer is able to judge securities, he should take time to investigate thoroughly before buying, particularly when in doubt about the standing of the stock or the man selling it."

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails. If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why suffer and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by F. B. Johnson & Co. and Hargrove & Mullin.

For \$1.25—This Week Only To Women Who Failed to Get It

We have supplied our famous Cookers to more than a million homes. But we want every home using Quaker Oats to have one. So we repeat for one week only this attractive offer.

Now a Very Winning Offer

This, at present aluminum prices, is a very winning offer. For we have those Cookers made to our order in enormous lots.

Such an Aluminum Cooker, extra large and heavy, would probably cost at retail more than you care to pay. But you need it to cook cereals rightly. So we want you to have it—for your sake and our sake—if you are cooking our cereals without it.

If you have this Cooker, our offer is not open. We cannot supply more than one to a family. But, if you need one, get it now. This offer is made for one week only.

Double Cooker Pure Aluminum

Extra Large and Heavy Cereal Capacity 2 1/4 Qts.

A Lifetime Utensil

Keep the Rich Flavor Intact

Quaker Oats is made from queen grains only—just the rich, plump, flavorful oats. We get but ten pounds from a bushel.

This is done to secure a superlative flavor. Little grains, puny and insipid, lessen oat food delights.

Now we ask you to cook these luscious oat flakes so that flavor keeps intact. Cook them so they easily digest. This cooker will help you to do that, as it does a million others.

It is yours for \$1.25 if you send this week. And if you send the sales slip asked for, to show that you are using this delicious grade of oats. You will save enough to buy a great deal of cereal by accepting this offer.

Your Chance to Get It

Buy from your grocer three packages of Quaker Oats. Send us the grocer's sales slip with \$1.25 and we will mail the Aluminum Cooker by parcel post. Sales slips must be mailed within one week.

NEW POLITICAL PARTY MAY BE FORMED SOON

Call Has Been Sent Out For Delegates From the Country's Farm and Labor Organizations

TO MEET FROM DEC. 9 TO 13.

(By United Press.)

St. Louis, Oct. 23.—A new third party may grow out of the conference of the country's farm and labor organization to be held here December 9th.

The gathering has been called by "The Committee of Forty-Eight" which has an organization under way in New York City. Dudley Field Malone, former prominent democrat, appointed Collector of the Port of New York by President Wilson, is active in the movement.

The official convention call says delegates from all states will attend. The convention will be in session 4 days. The democratic and republican parties are denounced, in the call as unrepresentative. Heavy taxation and wasteful extravagance of public funds and responsibility for the high cost of living are charged against the two parties.

"Right to a decent living for a day's work" free speech, free assembly and improvement of transportation facilities are given as reasons for the proposed third party. Old parties have failed in solution of these problems, the 'Committee of Forty-Eight' charges.

FLORENCE HOT BLAST

THE WORLD'S GREATEST HEATER.

I Will Give \$5,000 to Any Stove Manufacturer or Dealer who will produce a soft coal stove outside the construction of the FLORENCE that will burn all the ingredients of soft coal and will heat the same amount of space with the same amount of fuel as the Florence. Signed,

J. B. HOWARD.

The above \$5,000 offer has been made for the past twelve years every place where the Florence has been exhibited. It stands to reason that if any dealer or stove manufacturer could produce a stove that would do the work that the Florence will do they would not only have claimed the \$5,000, but would have gotten the benefit of letting the people know what great stoves they have.

Why pay 25 per cent more for other makes of stoves which they claim are just as good as the FLORENCE HOT BLAST? Why buy other makes of stoves when you can save 25 to 35 per cent of your coal bill with a FLORENCE HOT BLAST?

THE MOTHER

OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

OKLAHOMA OIL FIELDS BELIEVED ON DECLINE

Since 1917 Production has Shown 7,000 Barrel Decrease for Each Day—3 Percent War Tax

VIRGIN FIELDS ONLY RELIEF

(By United Press)
Oklahoma City, Oct. 23—Oklahoma's oil fields are failing, operators think.

Since 1917 production has shown a steady decline ranging from 5000 to 7000 barrels a day, and now, with the continuing decreases operators are confidently expecting price increases for the raw products. A discovery of new fields is the only alternative, they say.

Thirty-one out of Oklahoma's seventy-seven counties yield either oil or gas and comprise the richest deposits in America. Their contribution now is about 218,000 barrels daily, according to figures offered by the state auditor, who collects a 3 per cent tax on gross production.

More than \$3,500,000 had been collected by the state this year at the beginning of the present quarterly period, and this did not include about one-third of the production which is from Indian lands.

Marigold flowers are sometimes used for flavoring soup and coloring cheese.

EASIER NOW THAN LATER

It is easier to break up a cold or check a cough now than it will be later. Persistent bronchial coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. Day, 65 Campbell Av., E. Detroit, Mich., writes: "Foley's Honey and Tar relieves one of bronchitis very quickly. I hope never to have it again." This reliable family medicine for the relief of coughs, colds, croup, hoarseness, etc., contains no opiates. Children like it. F. B. Johnson.—(Adv.) 3

MUST CONSERVE NATION'S TREES

Forests are Like a Bank, Deposits Must be Made or the Account Will be Overdrawn

TRI-STATE ASSOC. MEETS.

Illinois, Indiana and Ohio Governors Call a Conference of All Interested in Woods

Indianapolis, Oct. 23—If the people of the United States want to erect a real monument, a lasting memorial for all time, in honor of Theodore Roosevelt, let them mark his birthday next Monday, October 27, by starting to work in earnest for a national forest policy.

This is the message to the Tri-State Forestry Conference delivered here last night by Charles Lathrop Pack, president of the American Forestry Association of Washington. Mr. Pack warned of the growing timber shortage and said: "Our forests are like a bank account; they cannot be continually drawn upon without making some deposits." He urged everyone to join the American Forestry Association in its campaign for a national forest policy. The conference is really a national one for foresters, timberland owners, lumber men and representatives of wood using industries from many states were present in addition to those of Indiana, Ohio and Illinois. Governor Goodrich opened the first session this morning.

At the dinner in the James Whitcomb Riley Room at the Claypool Hotel, Mr. Pack said in part:

"I do not believe the human mind can devise a more suitable memorial to Theodore Roosevelt than a movement which will look to preserving the forests of this country. Knowing the man, as it was my privilege to know him, I am positive that could the selection of a memorial be left to his choosing he would say 'save the forests'. As president he called the first conference of governors which took up the great questions of conserving our natural resources. He was our greatest exponent of the value of these resources and of the value to the nation of outdoor life.

"You foresters can do a great work in the direction of the public mind to these values. You must take the public into your confidence and the way to do that is to tell your story to the editors of the country for without their progress will be as that of the snail—you may get there some day but without the editors I firmly believe you will have arrived when there are no forests to conserve. Our forests are like a bank account; they cannot be continually drawn upon without making some deposits.

"If you expect to see a national forest policy adopted in this country you have to show the people the necessity for it as they are the ones who pay the bills. There is but one way to show the people and that way is through the editors. The editor is the spark that stands between your lever—the forest policy—and the motor—its adoption. Show your editor what a forest policy means and where our forests, one of our great natural resources are going, your motor starts and your battle is nine-tenths won.

"The force of public opinion today is working 'on high' on several questions. Turn that force toward a national forest policy. Show your editor what a national forest policy will do and the wheels will begin to turn, show him how a national forest policy in France for 125 years saved her and civilization. Show him how the forests of France held back the Hun from Paris. Show him the figures that estimate last year's forest fire losses to be \$28,500,000. Show him what a national forest policy means to his paper bill. Show him that the net growth of timber is not more than one-third the amount which is being used or destroyed every year. Show the editor these things and you show the world.

"The time has come for forestry now celebrating its twenty-fifth year of being taught as a science in a college, to become a subject for popular thought. The people must be interested in trees. The American For-

The Envy of Many Eyes —a Hot Spot Chalmers

YOU command attention in a Hot Spot Chalmers whether you want it or not. The right kind of attention, not notoriety, but the silent praise of the man at the curb.

This tacit appreciation for a Hot Spot Chalmers has not been won in a day, but is the accomplishment of a superior laboratory, superior engineering mentality, the use of a huge sum of money—and time.

Today one need not look far in a Hot Spot Chalmers to find the underlying cause.

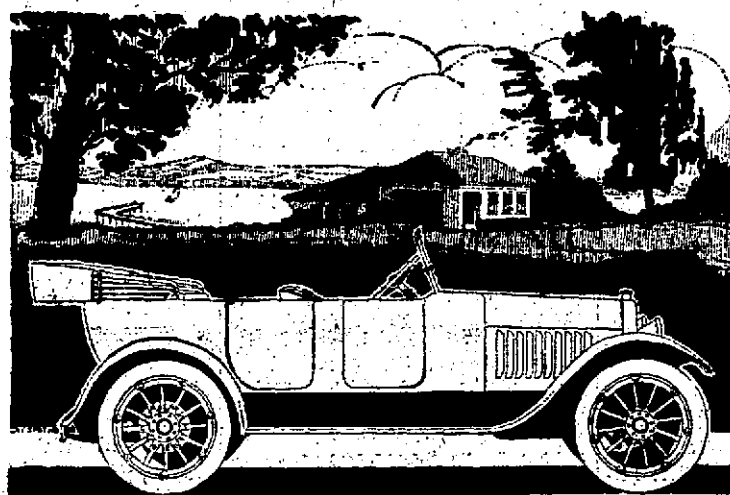

It's Hot Spot and Ram s-horn.

How two little devices could develop a motor car to such a high peak of efficiency is well worth knowing.

We shall be delighted to give you the "inside," and after you've had one ride you too will say Chalmers is one of the few great cars of the world.

estry Association is conducting a campaign for memorial tree planting and for Roads of Remembrance which is the road side plants of trees as memorials to the heroes of the great war. I hear some good foresters say that is not forestry. Before you can become initiated into the mysteries of where the milk comes from you must first get acquainted with the cow. Before you can hope to enjoy the delights of Shakespeare you must first give some thought to the construction of the English language. Before the producer puts on a play he spends thousands of dollars in an endeavor to get an audience for that play. Before you foresters can ever hope to interest the public, which is the court of last resort in this country in a national forest policy, you have got to interest that public in A TREES.
